

No amount of words can express the amount of peace and comfort that I receive on a daily basis while listening to K-LOVE. I hope and pray that an LPMF broadcaster not be allowed to replace K-LOVE. I do not beleive that the needs of my community can be met by a broadcaster that does not represent the wholesome christian values that are continually shared by the representatives at K-LOVE. I sincerely appreciate the time and effort that is being taken in order to receive this message and ask that K-LOVE not be replaced by any other broadcaster.
